

ELITE  SPICE

April 19, 2007

To Whom It May Concern:

Constantine Commercial Construction, Inc. recently completed an extensive renovation project for Elite Spice, Inc. at our Jessup Headquarters. The project included a complete renovation of our Product Development and Quality Control Labs, as well as, the addition of a second floor and a state of the art Culinary Kitchen. Both, the Project Manager Scott Albright and the Project Superintendent Bryan Gardini, brought construction expertise and superb management skills to the project. Constantine and its employees are easy to work with and are attentive to the customer's needs. They excel at time management and communicate well with the contracting companies to assure the job stays on schedule. We highly recommend Constantine Commercial Construction, Inc.

Sincerely,

Deborah Ingle
Office Manager
