Dear Colleen:

As you are aware, we are very near the completion of the renovations to our 19<sup>th</sup>, 20<sup>th</sup> and 21<sup>st</sup> floor offices. I would like to take this opportunity to thank you, and your team for your cooperation during the past few months. The assistance you provided our contractor, our sub contractors and us is greatly appreciated.

When searching for a contractor to complete the renovations, Constantine Commercial Contractors came highly recommended to us. After putting the job out to bid, we received a total of three very competitive bids. Constantine Commercial Contractors was selected for the job. Not because of the pricing they submitted, but because of their reputation. Mike Constantine, Alan Corbin, Scott Albright, and their sub-contractors turned what we anticipated to be a nightmare for our employees, into an absolutely painless experience. As you know, some of the demolition and a great deal of the construction took place during normal working hours. We received few, if any, complaints of noise or disruptions from our staff of more than 100 employees. Our employees were able to work a normal workday without having to make changes to their workstations or their schedules.

Again, thanks to you and your staff for your assistance.

Sincerely,

Diane Anderson  
Administrative Services Coordinator
