Dear Mike:

I am writing this letter to say thank you for the project you were responsible for and carried out extremely well. You did a wonderful job of guiding us through pre-construction issues as well as the renovation project. The job was done in record time and with very few obstacles because of your guidance. Though some of the materials we used became issues for us, you were able to work through them and gave us a beautiful product.

I need also to mention that having Mike Ames as one of your on-the-job supervisors, is a plus to your organization. He is very conscientious while he is on the job and made me feel confident and that I could count on him.

Sincerely yours,

Linda J. Nye
