RE: 1532 Thames Street

Dear Scott:

I am writing this letter to thank you and the rest of the Constantine crew for your efforts in constructing our beautiful new offices at 1532 Thames Street in Fells Point. The quality of the work from Constantine and all your subcontractors really comes through in the finished product and we're proud to call it our home!

When selecting a firm for this unique late 1700's renovation we needed someone with a proven track record that could handle the unique issues we were anticipating along the way. Constantine came highly recommended and lived up to the lofty expectations we set. You did a great job of guiding us through preconstruction all the way through completion of the renovation. I always felt that no issue was too large for us to work through and it gave me great comfort that you were there as our partner.

Please feel free to use our name as a reference in the future. On behalf of the entire Canusa team I sincerely thank you for your efforts.

Sincerely,

CANUSA CORPORATION

Michael Walter, Jr.
